**CASE NO. 1:04-CR-91**

**REPORT AND RECOMMENDATION  
ON DEFENDANT'S COMPETENCY TO STAND TRIAL**

Pursuant to 28 U.S.C. § 636(b) and the Local Rules for the United States District Court for the Eastern District of Texas, this criminal proceeding is before the undersigned United States Magistrate Judge upon referral from the District Court. The Court now enters its recommendation that the District Court find the defendant, Vaughn Allen Monroe, competent to proceed.

**A. Procedural Background and the Forensic Psychologist's Report**

On March 3, 2015, pursuant to the motion of counsel, the undersigned entered an order directing the mental examination of the defendant to determine his competency to stand trial (doc. #316). In that order, the Court directed that the defendant be committed to the custody of the Attorney General for placement in a suitable facility for an examination by a psychiatrist or psychologist to determine whether, pursuant to 18 U.S.C. § 4241, he is suffering from a mental disease or defect rendering him mentally incompetent to the extent he is unable to understand the

nature and consequences of the proceedings against him or to assist properly in his defense.

The Court received notification from the warden at the Federal Medical Center, Devens, in Ayer, Massachusetts, that a psychological evaluation had been completed pursuant to this Court's order. Miriam Kissin, Phys. D., forensic psychologist, and Amanda Silveira, M.A., psychology practicum student, issued their report stating their opinion that Mr. Monroe's competency-related skills are not compromised by serious symptoms of a mental illness or defect such that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense. They also offered professional advice and a prognosis analysis regarding Monroe's mental health symptoms, with is set forth in detail on the last page of the report.

The competency report, which reflects the examiners' method of evaluation and opinions in detail and sets forth the corresponding psychological findings and recommendations, was filed in the record under seal and provided to both the defendant's attorney and the attorney for the Government. On June 30, 2015, the Court conducted a competency hearing to address the findings set forth in the psychological report. Neither party objected to the report or the examiner's findings.

B. Conclusion and Recommendation

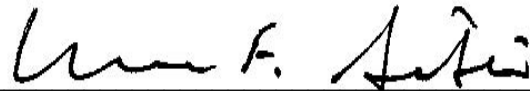

Accordingly, based upon the opinion issued by the forensic psychological examiners and the agreement of the parties, the undersigned recommends that defendant, Vaughn Allen Monroe, be found competent to proceed pursuant to 18 U.S.C. § 4241.

C. Objections

Objections must be: (1) specific, (2) in writing, and (3) served and filed within fourteen (14) days after being served with a copy of this report. *See* 28 U.S.C. § 636(b)(1). A party's failure to object bars that party from: (1) entitlement to *de novo* review by a district judge of proposed

findings and recommendations, *see Rodriguez v. Bowen*, 857 F.2d 275, 276-77 (5<sup>th</sup> Cir. 1988), and (2) appellate review, except on grounds of plain error of unobjected-to factual findings and legal conclusions accepted by the district court, *see Douglass v. United Servs. Auto. Ass'n.*, 79 F.3d 1415, 1417 (5<sup>th</sup> Cir. 1996) (en banc). The constitutional safeguards afforded by Congress and the courts require that, when a party takes advantage of his right to object to a magistrate's findings or recommendation, a district judge must exercise its nondelegable authority by considering the actual evidence and not merely by reviewing and blindly adopting the magistrate judge's report and recommendation. *See Hernandez v. Estelle*, 711 F.2d 619, 620 (5<sup>th</sup> Cir. 1983); *United States v. Elsoffer*, 644 F.2d 357, 359 (5<sup>th</sup> Cir. 1981) (per curiam).
